

U-Vision's Video Composer Quick Start Interface Guide

Presented by: Mr. Kit Hui
Xaness Interactive Limited

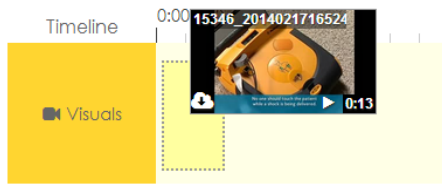

Quick Start Guide

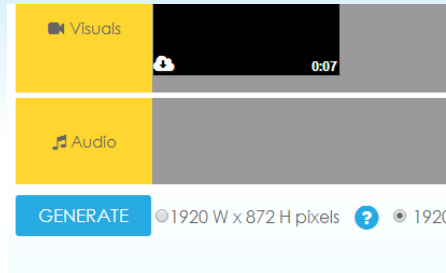

1. Upload Footage
Click “Choose File” to upload video or audio footage

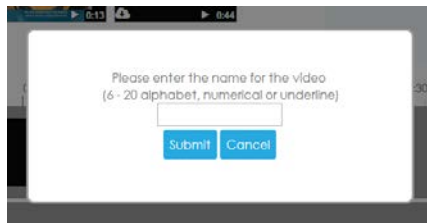

2. Before Editing
Drag and drop the footage to the Timeline

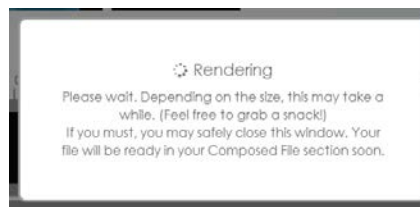

3. Adjust on Timeline
Make adjustments (e.g. length or transition) on the footage on the Timeline

4. Generate Video
Click “GENERATE” to render

5. Output filename
Enter the output filename and click “Submit”

6. Render
Wait for exporting your composed video

Quick Start Guide

The screenshot shows the Uvision Video Composer interface. At the top, the 'UVISION watch • learn • share Video Composer' logo is displayed. Below the logo is a 'Display Panel' with the text 'Please click an item in the timeline'. To the left is a 'Tools Tab' with a vertical menu containing 'TOOLS', 'VIDEO', 'IMAGE', 'TRANSITION', 'TEXT', and 'AUDIO'. The 'VIDEO' tab is selected. Below the menu is an 'Upload Button' with the text 'Upload or drag & drop files here to start uploading.' and a note: 'All uploaded files will be temporarily stored here for 30 days under your account. Supported image format: MP4, AVI, WMV, MOV, MPEG, MPG. My Videos (Drop the video to timeline for editing)'. Below this are three video thumbnails with durations of 0:13, 0:13, and 0:44. Below the thumbnails is a 'Timeline' with a scale from 0:00 to 0:40. The 'Visuals' track contains two video thumbnails. Below the 'Visuals' track is an 'Audio Timeline' with a 'GENERATE' button and two output ratio options: '1920 W x 872 H pixels' and '1920 W x 1080 H pixels'. A 'Clear timeline' button and a 'Timeline zoom' slider are also present. At the bottom, there is a footer with the text '©2014 All Rights Reserved. The Multimedia Team, Communications and Public Affairs Office, The University of Hong Kong'. Red lines connect labels to these features: 'Tools Tab' to the menu, 'Upload Button' to the upload button, 'Display Panel' to the top right area, 'User Media' to the video thumbnails, 'Timeline' to the timeline scale, 'Audio Timeline' to the audio track, 'Timeline zoom in / out' to the zoom slider, 'Generate Button' to the generate button, 'Output Ratio' to the resolution options, and 'Remove all items in timeline' to the clear timeline button.

Quick Start Guide

The screenshot shows a multi-step editing interface for a video. The steps are:

- Step 1 > Fill in your highlight message**: Includes an "Edit highlight" button and a preview of a highlight message with a logo and text.
- Step 2 > Add your content description and image**: Includes an "Edit details" button, a text area for a title and description, and a grid of image thumbnails for selection.
- Step 3 > Fill in your weblink to promote your content in QRcode**: Includes a "Weblink" input field with a "* Required" label and a "Submit" button.

Red callout lines point to the following elements:

- "Go to text editor to edit the template" (twice) pointing to the "Edit highlight" and "Edit details" buttons.
- "Save setting" pointing to the "Submit" button.
- "Preview" (twice) pointing to the preview windows for Step 1 and Step 2.
- "Select from previous edited template" (twice) pointing to the image thumbnails in Step 2.
- "Input the URL to generate QR code in the video" pointing to the "Weblink" input field.

Quick Start Guide

The screenshot shows the Uvision video editor interface. On the left is a 'TOOLS' sidebar with options for VIDEO, IMAGE, TRANSITION, TEXT, AUDIO, and COMPOSED FILES. The main workspace is divided into two steps: 'Step 1 > Fill in your highlight message' and 'Step 2 > Fill in your weblink to promote your content in QRcode'. Step 1 includes an 'Edit highlight' button, a 'What's happening?' section with a '[Your title here]' field, and a 'Preview my recent images' window. Step 2 features a 'Weblink:' input field with a '* Required' label and a 'Submit' button. A 'Timeline' is visible at the bottom of the workspace. Red callout lines connect text labels to specific elements: 'Go to text editor to edit the template' points to the 'TEXT' tool; 'Save setting' points to the 'Submit' button; 'Preview' points to the 'Preview my recent images' window; 'Choose from previous edited template' points to the image preview area; and 'Input the URL to generate QR code in the video' points to the 'Weblink:' input field.

Input the URL to generate QR code in the video

Quick Start Guide

The screenshot shows the Uvision video editor interface. On the left is a vertical toolbar with categories: TOOLS, VIDEO, IMAGE, TRANSITION, TEXT, AUDIO, and COMPOSED FILES. The main workspace is divided into two steps. Step 1 is titled "Fill in your highlight message" and contains a text input field with a placeholder "[Your title here]" and a blue "Edit highlight" button. Step 2 is titled "Fill in your weblink to promote your content in QRcode" and contains a text input field with a placeholder "Weblink: " and a blue "Submit" button. A "Preview" window is open, showing a video preview with the text "[Your title here]" and a QR code. A "Timeline" is visible at the bottom of the interface.
